

RevComm Foundation

Revolutionizing communities through the power of philanthropy

2024 SPONSORSHIPS

MISSION

To provide a more equal playing ground for all grassroots nonprofit entities by providing critical financial support and resources to local organizations when it is needed the most.

VISION

A world where social entrepreneurs are afforded the opportunities and resources needed to move their mission forward during the critical early years.

VALUES

The important work being done by the RevComm Foundation is guided by five core values: Inclusion, Collaboration, Equity, Transparency, and Innovation.

About the Foundation

RevComm Foundation revolutionizes communities through the power of philanthropy. Now more than ever, community resources and opportunities are critical to create thriving communities. While there are many organizations providing critically-needed support to under-resourced communities, these agencies struggle to find their own resources and funding to continue their efforts in providing no-to-low cost services to their clients. RevComm Foundation aims to change the narrative of nonprofit funding by creating a collaborative synergy for start-up nonprofit organizations. Our mission is accomplished through the following strategic programs:

Innovative funding made easy by providing grants to start-up nonprofits through the annual **Grant Tank Event**.

Our **Pro Bono Consultant Network** connects established professionals with nonprofit to receive no-cost support.

RevComm Foundation's future **Nonprofit Collaborative Workspace** will provide no/low-cost space for start-ups.

Partnering through our **Fiscal Sponsorship Program** provides causes with limited capacity an accelerated path to 501(c)(3) benefits.
